Hi Kathy,
Don't worry, I didn't forget. Please see below:

(b)(5) Deliberative

-Jean Calhoun (FWS) stated that the more developed, clear, and final the project, conservation measures, and mitigation measures are when the Biological Assessment is provided to them for review, the better. If the project or mitigation changes while they are reviewing the (amended) BA, it will introduce the possibility of delay as FWS will need to assess the effect of the changes on ESA.
